Old Line Trails Annual Report

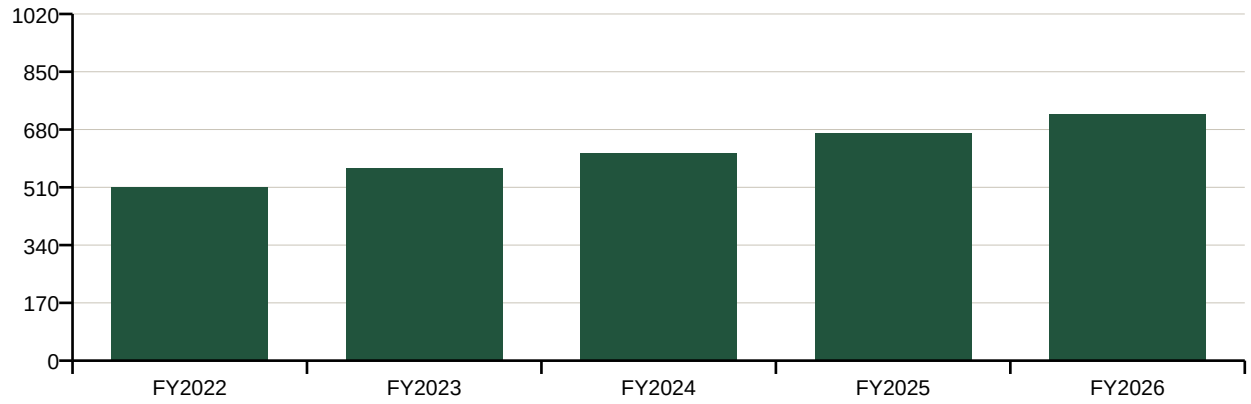

Annual report | Fiscal year 2026

The fictional Old Line Trails Program connects communities from the Appalachian foothills to the Atlantic coast. This report summarizes illustrative results from fiscal year 2026.

Year at a glance

Measure	FY2025	FY2026	Change
Trail miles maintained	412	438	+6%
Volunteer hours	18,250	21,400	+17%
Accessible trailheads	37	46	+24%
Community events	64	79	+23%

Estimated trail visits by year (thousands)

Illustrative figures created for demonstration.

Highlights by region

Western Maryland

Crews rebuilt two miles of mountain tread after spring storms and installed new overlook benches with views of the ridgelines.

Central Maryland

New wayfinding signs now guide visitors between neighborhood paths, transit stops, and regional greenways.

Southern Maryland

A boardwalk replacement improved year-round access through a tidal wetland popular with birdwatchers.

Not an official publication of the State of Maryland.

Eastern Shore

Flat, scenic loops gained new bicycle repair stations and shaded rest areas for long summer rides.

Looking ahead

- Add 20 more accessible trailheads over three years.
- Publish plain-language trail condition updates each week.
- Expand the youth trail steward program to every region.
- Pilot trail maps in more languages with community partners.
